

Company Policy Handbook: Remote Work Guidelines

This document outlines the remote work policy for Nimbus Retail Solutions, effective January 2026. It is intended as sample content for testing a PDF-based question answering system.

1. Eligibility

Employees who have completed at least 90 days of continuous employment are eligible to apply for remote work arrangements. Eligibility is subject to manager approval and role suitability. Roles requiring physical presence, such as warehouse operations and on-site customer support, are not eligible for full remote arrangements but may qualify for hybrid schedules.

2. Work Hours and Availability

Remote employees are expected to be available during core hours of 10:00 AM to 4:00 PM in their local time zone, regardless of their broader work schedule. Outside of core hours, employees may arrange flexible start and end times with their direct manager. All remote employees must maintain accurate calendar availability so that colleagues across time zones can schedule meetings appropriately.

3. Equipment and Reimbursement

The company provides a laptop, monitor, and a one-time home office stipend of \$500 for new remote employees. This stipend may be used for items such as a desk, chair, or external keyboard. Internet costs are reimbursed up to \$50 per month upon submission of a receipt. Equipment remains company property and must be returned upon termination of employment.

4. Security Requirements

All remote employees must use the company VPN when accessing internal systems. Company laptops must have disk encryption and automatic screen lock enabled after 5 minutes of inactivity. Employees are prohibited from accessing company systems from public, unsecured Wi-Fi networks without VPN protection. Any lost or stolen equipment must be reported to IT Security within 24 hours.

5. Performance Reviews

Remote employees are evaluated using the same performance criteria as on-site staff. Reviews occur twice annually, in June and December. Managers are encouraged to schedule

at least one video check-in per week with each direct report to maintain alignment on goals and address any blockers early.

6. Travel for Required Meetings

Remote employees may be required to travel to a company office up to four times per year for team offsites or planning sessions. Travel expenses for these required visits, including flights and accommodation, are covered by the company in accordance with the standard travel policy. Advance notice of at least three weeks will be given for any required travel.

7. Policy Review

This policy is reviewed annually by the People Operations team and may be updated to reflect changes in business needs or applicable labor law. Employees will be notified of any material changes at least 30 days before they take effect.
